Mailing Address: _____

Best Daytime Contact Phone #: (858 759 _____) **E-mail Address:** _____

1. Total number of occupants: 2 2. Total occupant capacity (if other than residential): _____
3. Lot size that meter(s) serves: 4.22 acres. 4. Total irrigated landscape area: 3 acres sq.feet.
5. If there is a pool(s)/spa(s), please provide total size (in gallons): 19,150 6. Number of structure stories: 1
7. Square footage of structure(s): 3,400 sq. ft.

8. Reason for the requested variance: See Page 2 for qualifying Criteria. Attach additional sheets if needed.
We are part of R.E. Badger's grove irrigation management plan and as such need the flexibility to irrigate our orchard more than one work day per week. It takes more than one work day per week to water the whole grove. And this flexibility ensures the efficient irrigation of over 350 acres of ag in SFID, so that someone can monitor the irrigation system while it runs. If not properly monitored, water could be wasted.

9. Please propose an alternative that accommodates your specific water use needs and still achieves the intended reduction in water use. If no alternative is possible, please provide reason. Examples: Propose alternative irrigation days or time periods from those established by the District; propose a plan to increase conservation in other ways at the site in order to compensate for inability to reduce water use for reasons you described above. Attach additional sheets if needed.
We still expect to reduce the water needed to irrigate our lemon orchard by 15% overall, as R.E. Badger will reduce the hours they irrigate each day.

10. Please attach any supporting documentation for your request for a variance, including, but not limited to, photographs, maps, drawings, and other information.

11. Please include a PROCESSING FEE of \$50.00
CHECK #: _____ (fee is non-refundable)
